5. Read the underlined part, and check N(noun) or A(adjective).

(1) I have some homework to do at home.

☐ N ☒ **A**

(2) My hobby is to play tennis.

☒ **N** ☐ A

(3) To select opposite colors is easy.

☒ **N** ☐ A

[6~7] Read and choose the best answer.

When a traffic light turns red, it is time to _____. When it turns green, it is time to _____.

Why does the traffic light have red and green? It is easy to choose red and green. Red and green are opposite colors. When you put opposite colors together, each color has a clear image. So, you see their difference easily!

6. Choose the correct one for the blanks.

① change - choose

② get on - get off

③ run - walk

④ **stop - go**

7. Circle the correct one.

(1) America is (**close to**, far from) Canada.

(2) I look like my mom. We look (**similar**, opposite).

[8~10] Read and answer each question.

How do we know red is opposite to green? It's easy to see with a color wheel. Opposite colors are in opposite places on the color wheel. On the color wheel, the opposite color of red is green. So, someone decided to use red and green in traffic lights.

Now, what is the opposite of yellow on the color wheel? It is purple. Many highway signs are yellow. So, a yellow sign needs to have a purple image on it, right? Well, the signs don't have to use purple images. They use black, not purple. To use black is close enough.

8. What is the reading about?

- ① traffic lights ② image of color ③ **opposite colors** ④ highway signs

9. What is the opposite color to yellow?

- ① green ② blue ③ **purple** ④ red

10. Read and check T(true) of F(false).

(1) Purple is next to yellow on the color wheel.

☐ T **F** ☐

(2) Highway signs are yellow and black.

T ☐ F ☐
