

ELF Book 11 Unit Test (Unit 6)

Date:

Class:

Student Name:

1. Choose the correct word(s) for the blank.

He is looking at his _____.

① shadow

② symbol

③ pattern

2. Choose the word with the same meaning as the underlined part.

The man was walking toward me.

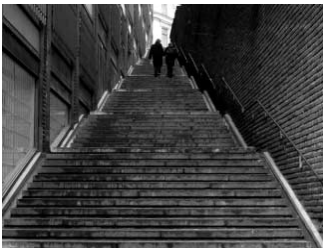

① behind

② to

③ beside

④ for

3. Look at the picture, and write the correct word.

⇒ s _____

4. Choose the one that is NOT correct.

I saw him on TV! He must was a famous movie star.

①

②

③

④

5. Choose the one that is NOT correct for the blank.

You _____ speak English in many countries.

① will

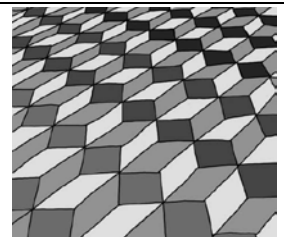

② should

③ can't

④ must be

[6~7] Read and answer each question.

Do you think these must be steps or a pile of blocks? In fact, this is a flat floor. Tiles on the floor — black, white, and gray — look like shadows on steps. So, you “see” blocks or steps, when the floor really is flat!

6. Choose the correct one for the blank.

In fact, the picture is a _____.

① step

② pile of blocks

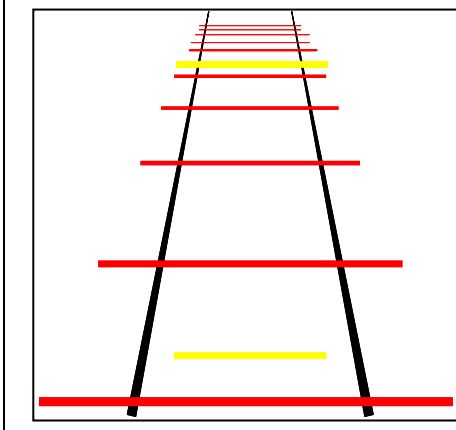

③ flat floor

④ shadow

7. Why the picture look like steps?

- ① Because tiles look like squares.
- ② Because tiles look like shadows.
- ③ Because tiles look like floors.
- ④ Because tiles look flat.

[8~10] Read and answer each question.

Which yellow line looks longer? Does the line at the top look longer than the one at the bottom? Wrong! They are the same length!

You see a visual illusion. The black lines in the picture move toward each other. Because of them, the yellow line at the top looks far away. Also, the yellow line at the bottom looks close to you. To our eyes, things far away look larger than things nearby. The yellow line at the top looks longer than the line at the bottom.

8. What is the reading about?

- ① Why we use a visual illusion
- ② Why we see a visual illusion
- ③ How our eyes can see
- ④ How we draw straight lines

9. Circle the correct word.

- (1) In fact, the two lines are the (same, different) length.
- (2) The yellow line at the top looks far away because of (red, yellow, black) lines.

10. Why do we see a visual illusion in the picture?

Because things far away look _____ than things close to us.

- ① longer
- ② shorter
- ③ larger
- ④ smaller
