[8~10] Read and answer each question.

Hello from Canada! We passed by a very strange hill today. When we stopped our car at the hill, our car began to roll up the hill! The hill pulled our car up just like a magnet! In fact, our car was rolling down the hill. We were at "Magnet Hill!"

It usually happens when there are lots of hills or mountains. We cannot see the horizon. At the same time, trees do not stand straight up. Which way is up? Which way is down? You do not really know. So you feel like you roll up a hill when you really roll down the hill.

There are many hills like Magnet Hill all over the world.

8. What is the reading about?

① A strange car

② The longest road in Canada

③ **A strange hill like a magnet**

④ The mysteries of the world

9. Choose the correct one for the blanks.

At Magnet Hill : you feel like you go _____ the hill, when you really go _____.

① up - up

② **up - down**

③ straight - straight

④ straight - down

10. Read and circle the correct one.

(1) At Magnet Hill, we can see many (**mountains**, horizons).

(2) We can see Magnet Hill (only in Canada, **in many countries**).
