

## ELF Book 12 Unit Test (Unit 2)

Date:

Class:

Student Name:

1. Choose the correct word(s) for the blank.

Zebra is running fast, and a lion is \_\_\_\_\_ the zebra.

- ① chasing                      ② visiting                      ③ collecting

2. Choose the words with the same meaning as the underlined part.

A shrimp wished, "I want to be a king of the sea!"

- ① showed                      ② cried                      ③ hoped                      ④ started

3. Put pieces together and write the complete word in the blank.

blem

se

pro

eak

br

lo

Don't play baseball. You'll \_\_\_\_\_ the window again!

4. Choose the one that is NOT correct.

I wanted to read every books in the library, but I read only four books.

- ①                      ②                      ③                      ④

5. Circle the correct one.

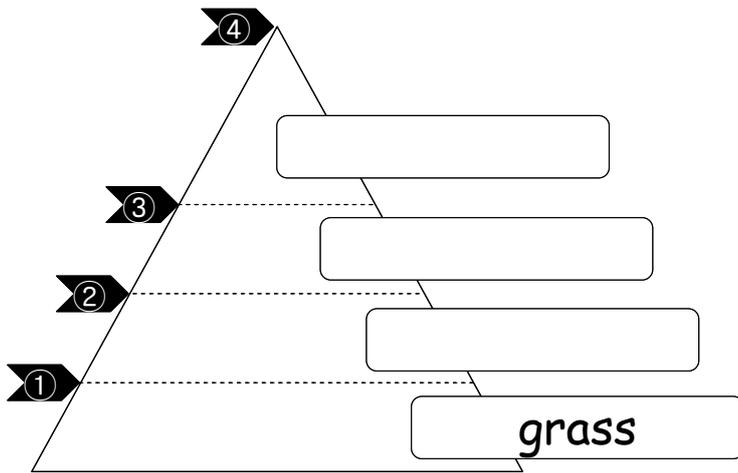

(1) All (eagle, eagles) are food eaters.

(2) I hate all (snake, snakes).

[6~7] Read and choose the best answer.

A food chain starts with plants. The plants are "food makers" because they can make their own food. Insects and animals are "food eaters." Insects eat the plants. Small animals like frogs eat the insects, like grasshoppers. I am part of a food chain, and I am a food eater, too. I get energy from other animals like mice and frogs. I have no arms, but I have wings. I am afraid of big birds like eagles. Where am I in the food chain?

6. Complete the food chain.

7. Where is "I" in the food chain among ① ~ ④?

[8~10] Read and answer each question.

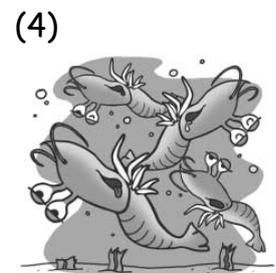

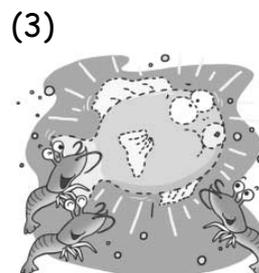

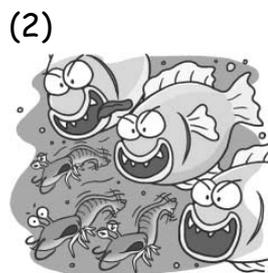

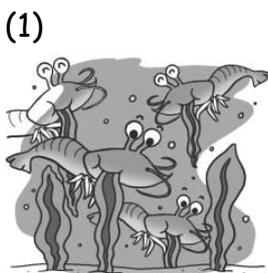

One night, a little shrimp wished, "Fish always chase me! I want to live without fish." The next morning, there were no fish in the sea. All shrimps were happy for a while, but they soon had a problem. There were too many shrimps, because there was no one to eat them. Shrimps ate too much food. At last, they had no food! They started to die.

Then an old shrimp said, "We need the fish. We are all part of food chains. They start with seaweed. Seaweed is a food maker. We are food eaters and get energy from seaweed. Then, fish eat us, and seals eat the fish. All living things need food chains to live. Losing the fish broke the food chain!"

8. What is the story about?

- ① How fish hunt shrimp
- ② How sea animals live
- ③ Why there are no fish in the sea
- ④ Why food chains are important

9. Put the pictures in the correct order.

\_\_\_\_\_ ⇒ \_\_\_\_\_ ⇒ \_\_\_\_\_ ⇒ \_\_\_\_\_

10. Fill in the blank with the word from the story.

Seaweeds < Shrimp < Fish < \_\_\_\_\_
