5. Circle the correct one.
(1) This book is not mine. (It, They) is (his, him).
(2) My brother has a new toy, and (he, she) really likes (it, them).

[6~7] Read and choose the best answer.

| Peter: Hey, Susan! Look at this video. |
|---|
| Susan: What is it? |
| Peter: It's a big wave. Look at the size of it! |
| Strong winds and storms can make them. They can even sink a ship sometimes! |
| Susan: Really? But ships are usually very big. How tall are the waves? |
| Peter: In this video, the wave is almost 28 meters tall! |
| Susan: 28 meters? That's as big as a 10-story building! |
| Peter: That's right! |

6. What do they see in the video?

①

②

③

7. What makes a big wave?
① big ships ② strong winds and storms ③ heavy rain and snow ④ thunder and lightening

[8~10] Read and answer each question.

The Waratah was a ship from Australia. It was on the way to Cape Town, South Africa, and it disappeared one day in 1909. The Waratah had no radio, so (A)it could not call for help.

What happened to the Waratah? We do not know. People could not find its pieces. It had more than 200 people on it, but no one could see them or hear from them again. People will never find them!

8. What does (A) refer to?
① Australia   ② day   ③ the Waratah   ④ radio

9. Why did the Waratah disappear?
① Because there was no radio on the ship.
② Because there was too many people on the ship.
③ Because a big wave sank the ship.
④ No one knows why it disappeared.

10. Read and check T(true) of F(false).
(1) The Waratah was going to Australia in 1909.   T□   F□
(2) Over 200 people disappeared with the ship.   T□   F□
