No, they weren't

No, she wasn't

Yes, there was.

[6~7] Read and answer each question.

Teacher: Who went into space first?

Student: Yuri Gagarin. He was Russian.

Teacher Good job! But, animals went into space before people. Did you know that?

Student: Really? What kind of animals?

Teacher: The US sent a monkey. They sent a chimpanzee, too.

Student: I know Russia sent a dog. Her name was Laika.

Teacher: You're right. And France sent a cat into space.

6. What country was the first in space?

- ① **Russia**
- ② the US
- ③ France
- ④ Korea

7. What kind of animal did France send into space?

- ① a monkey ② a chimpanzee ③ a dog ④ **a cat**

[8~10] Read and answer each question.

A long time ago, Russia and America wanted to visit space. It was not safe for humans. So they sent animals first. The first animal in space was a dog. Her name was Laika. In 1957, Russia sent her in a spaceship. But she died in space. Laika died, but people could make better spaceships because of Laika. Today, many people travel into space.

8. Choose the best title for the passage.

- ① Space is not safe.
② **The first dog in space.**
③ Better spaceship
④ The first spaceship

9. Why did people send animals first?

- ① Because people were not brave.
② Because animals liked space.
③ **Because space was not safe for humans.**
④ Because spaceship was too small for humans.

10. Choose the correct sentence.

- ① America sent a dog into space.
② People went into space before animals.
③ **Laika died in Russia.**
④ **Now, people often travel to space.**
