

# ELF Book 9 Unit Test (Unit 4)

Date:

Class:

Student Name:

1. Choose the correct word for the blank.

Vegetables are \_\_\_\_\_ of vitamins.  
Vegetables are good for health.

- ① harmful
- ② full
- ③ thick

2. Choose the word which means the same as the underlined part.

I gather some wood to build a fire.

- ① land
- ② boil
- ③ collect
- ④ stick to

3. Look at the picture, and write the missing letters from the box.

b e h i l o r y

⇒ s □ a □ □

4. Choose the one that is NOT correct for the blank.

Do you know \_\_\_\_\_ cities in America?

- ① other
- ② each
- ③ many
- ④ lots of

5. Circle the correct one.

- (1) (Other, Another) insects are my friends.
- (2) We will go to (other, another) museum tomorrow.

[6~7] Read and choose the best answer.

Some of my friends help flowers. My friend Shelly is a beetle. She climbs onto flowers and eats harmful bugs on them. They became her food. But she doesn't share her food with other beetles.

"Hey, B.B.," Shelly says to me. "Why do you give your food to other bees?"

I smile and laugh. "They are my friends. I like to help them."

6. Read and check T(true) or F(false).

- (1) A beetle helps flowers. T  F
- (2) A beetle's food is flowers.  F

7. Choose the correct word for the blank.

Who am I?

I need flowers to get food.

I don't share my food with my friends.

⇒ I am a \_\_\_\_\_.

① flower

② bee

③ beetle

④ bug

[8~10] Read and answer each question.

Hi, my name is Buzzy Bee. Every day I fly to flowers in the forest. They give me food. I land on a flower. I gather some food from it and put it in my pocket. I go to another flower and gather more food. When my pocket is full, I bring the food home. I share it with other bees. The flowers like me, too. I take food from them, and their seeds stick to my legs. I go to other flowers. Then I give them the seeds. This helps the flowers grow. Without my help, many flowers can't grow.

8. Choose the correct one for the blanks.

(a) (b)

① flower - bees

② bees - flower

③ flower - flower

④ bees - bees

9. Where do bees keep their food?

① in the mouth

② in the pocket

③ between the legs

④ in the flower

10. How do bees take flower seeds?

① Bees put flower seeds in their pockets.

② Bees eat seed.

③ Flower seeds stick to their legs.

④ Bees put flower seeds on their wings.
