[6~7] Read and choose the best answer.

Carl: Look at this flower. Isn't it beautiful?

Lisa: Yes, it is! What is it?

Carl: It's a water lily. It grows in the water.

Lisa: How great! How do you know about this flower?

Carl: I picked one in a pond before.

Lisa: Wow! Did you go swimming and pick flowers?

Carl: No, I have a boat.

Lisa: I want to ride your boat.

Carl: Sure! Let's go to the pond this weekend.

6. Read and check T(true) or F(false).

(1) Carl swam and picked lily.

T ☐

F ☐

(2) Carl and Lisa will go to the pond this weekend.

T ☐

F ☐

7. Where does the lily grow?

① on land

② **in a pond**

③ under the sea

④ at the beach

[8~10] Read and answer each question.

Spatterdock is a plant, and it grows in the water.

Spatterdock has big leaves. The big leaves float on the water. It has small, round flowers, too. They are yellow. We only see the green leaves and yellow flowers on the water. But the whole plant is bigger.

Under the water, there are long and thick stems. It grows roots under the water, too. The roots are shorter than the roots of land plants. They do not grow into the ground.

Spatterdock is very useful. Animals eat the plant on the water. People use the plant for food, medicine, and paint. They cook the seeds and the roots of spatterdock

8. What does a spatterdock grow under the water? Choose two things.

① leaves

② flowers

③ **stems**

④ roots

9. How do people use the spatterdock? Choose the **WRONG** one.

① They make medicine with the plant.

② **They use the plant for paper.**

③ They make paint with the plant.

④ They cook with the seeds and roots.

10. One spatterdock is telling a lie. Choose the lie.

① Spatterdock A : "My flowers are round and yellow."

② Spatterdock B : "My leaves are big and green."

③ Spatterdock C : "I live in the water."

④ **Spatterdock D : "I can grow my roots into the ground."**
